Service Men Paid Checks By United Veterans Bureau

(By Associated Press)

Atlanta, Ga., Feb. 18.—Twenty-six ex-service men, suffering with the ravages of that dread disease, tuberculosis, who have been patients in the national sanatorium at Johnson City, Tenn., were brought happiness in the form of a substantial check on Saturday, February 11, in payment of their compensation due them for many months.

These men had all contracted tuberculosis in service overseas or in this country. Some were married and had families; all were bedridden and most of them haven't long to live.

The United States Veterans' bureau in its drive to adjust all cases of men in hospitals in bringing balm to those who need it most in the fifth district, which is comprised of North Carolina, South Carolina, Tennessee, Georgia and Florida. Mr. M. Bryson is district manager of the fifth district.

The patients at the National Sanatorium at Johnson City, Tenn., were the first to benefit by this drive. On Wednesday, February 8, a squad composed of three medical rating officers and three legal examiners, arrived at this hospital and immediately interviewed its bed-ridden patients. On Thursday, February 9, twenty-six cases were sent to the district headquarters in Atlanta, ready for payment by a messenger, and the messenger was back in Johnson City Friday morning and distributed to these men, who had waited long for these checks, over \$20,000. The rapidity with which

these cases were handled electrified the patients in the hospital and brought forth much praise from the Red Cross, American Legion and other co-operating agencies. It was effectively demonstrated that the United States Veterans' bureau is making every effort to give those who are entitled to it the compensation which is their due without any unnecessary delay or red tape.

Similar squads will operate in the larger hospitals in this district at Oteen and Biltmore, North Carolina; Greenville, S. C.; Memphis and Nashville, Tenn.; Augusta and Savannah, Ga.; and Lake City, Fla., and it is expected that they will leave each hospital having removed worry and brought happiness to the many long-suffering patients whose health was broken and shattered by war and who have been all but forgotten.

BIDDY'S PROGRAM FOR TOMORROW IS A HUMMER

Tomorrow's concert on the courthouse square at 2 o'clock is the last at this hour, and Director Shearouse has prepared an especially attractive program. The next week he will present his wine colored prodigies at 3:30, with a vocal solo by Rocco and Mark Shaw's saxophone in "The Prodigal Son."
